Reason/s for the course/s change:

Under National Code 2018 Standard 8, Melbourne Education Institute may extend the duration of the student's course only in the following circumstances:

- On medical grounds (a medical practitioner's certificate indicating the student is unable to attend the class) and a deferment or suspension of study has been granted; or
- In compassionate circumstances beyond the student's control, such as serious illness or death of a close family member (independent evidence of the exceptional circumstances is required), a deferment or suspension of study has been granted.
- Where the Institute is unable to offer a key or prerequisite unit at the time it is required, and a deferment or suspension of study has been granted.
- Where the Institute is implementing an intervention strategy for students at risk of not making satisfactory course progress.
- Where the Institute has approved the deferral of commencement of studies or the suspension of study.
- When students are transitioned to new training packages, the transition and teach-out periods result in an extension of course duration.

NB: Any extension granted to the original period of study must be reported via PRISMS and if necessary, a new CoE will be issued within 31 days of the student's request. Any request to extend the course duration that is made more than 2 months after the course end date has passed will be refused and treated as a new application for enrolment. Due to students being expected to complete the course within the duration specified in their CoE, any extension of the course after the course end date will incur a fee of \$250 per week.

For the course package, if the duration of the first course is extended, the start dates and end dates of subsequent courses are subject to change accordingly.
